National Park Service

FOREWORD

This booklet is designed to answer the most frequently asked questions about seasonal employment with the National Park Service and with non-Government park concessioners.

☐ *Please note that summer employment opportunities are extremely limited.*

For information on permanent employment in the National Park Service, obtain a brochure from any regional office of the National Park Service. Addresses of regional offices may be found on page 14.

ABOUT THE NATIONAL PARK SERVICE

Since its inception in 1916, the National Park Service has been dedicated to the preservation and management of our country's unique natural, historical, and recreational areas.

The National Park System encompasses 320 separate areas in the United States, Puerto Rico, and the Virgin Islands. Included are outstanding sites of natural beauty and grandeur, properties preserved to reflect the historical development of the United States and the prehistoric civilizations on the North American continent, and recreational sites and facilities that serve the need for relaxing activity, leisure, and inspiration.

Besides the headquarters office in Washington, D.C., ther are nine regional offices, a service center in Denver, Colo., and an interpretive design center in Harpers Ferry W. Va.

The National Park Service is a bureau of the U.S. Department of the Interior and should not be confused with the Forest Service, which is a bureau of the U.S. Department of Agriculture.

READEX FICHE

SEASONAL EMPLOYMENT OPPORTUNITIES

Each year millions of people visit the areas of the National Park System. To meet the needs of these visitors, the National Park Service augments its permanent work force with people hired on a seasonal basis.

Besides assisting the permanent staff during periods of peak activity, seasonal employment introduces young people to the professional opportunities which the National Park Service offers.

These jobs are difficult to get because:

- ☐ *Applicants far outnumber the positions available, particularly at larger, well-known parks.*
- ☐ *Most positions are filled by people returning from previous seasonal employment with the National Park Service.*
- ☐ *Civil Service Commission regulations require that veterans be given preference among qualified applicants.*

Therefore, summer employment opportunities are EXTREMELY LIMITED. Only those applicants who meet the appropriate requirements and all the conditions of employment described in this booklet will receive consideration.

GENERAL INFORMATION

The initial grade level for seasonal positions in the National Park Service ranges from GS–2 for clerical and park aid positions to GS–4 for technician and park ranger positions. Check with any Federal installation or Civil Service Commission office for current salary information regarding these grades. Prevailing local wage rates govern maintenance and trades and crafts positions.

The standard workweek is 40 hours. Additional compensation is provided for overtime worked. Most seasonal positions require irregular hours of work, including Saturdays, Sundays, holidays, and evenings.

Most seasonal technicians, aids, and rangers are required to wear the official National Park Service uniform, which must be purchased by the appointees prior to the first day on duty. An allowance is paid to those seasonal employees who are required to wear the uniform.

None of the positions discussed in this booklet require teams (such as husband and wife), although a few team positions may be available. For further information, contact the park area in which you desire employment.

Address specific questions about living conditions in the area and any similar matters to the park or office where you desire employment.

EQUAL EMPLOYMENT OPPORTUNITY

You will be considered without regard to race, color, religion, age, sex, national origin, political affiliation, or other non-merit factors. However, you must be a United States citizen.

GENERAL REQUIREMENTS FOR PARK AIDS/TECHNICIANS/RANGERS

Seasonal positions that involve law enforcement or publ safety duties generally are restricted to persons at least 21 years of age. Because many seasonal positions requir frequent or occasional strenuous activity, a medical examination may be required, at the applicant's expense before appointment.

For Seasonal Technician, Aid, and Ranger positions, yo must be in excellent physical condition and may be required to have a valid driver's license. You must be at least 18 years of age by May 13 to gain consideration fo a summer job. You should have vision correctable to 20/30 (Snellen) in each eye. However, if your vision is l than 20/30 in one eye, you can be considered if the oth tests 20/20 with or without glasses. Amputations or serious disability may disqualify an applicant when the condition interferes with the performance requirements of the job.

Each applicant may be considered for TWO SEPARAT PARK AREAS AND FOR TWO TYPES OF JOBS IN EACH OF THE TWO PARKS, NATIONWIDE.

SUMMER EMPLOYMENT EXAMINATION
(Conducted by U.S. Civil Service Commission)

Applicants for summer clerical jobs such as typist, stenographers, information receptionist, office machine operator or administrative clerk are required to establish eligibility under the Civil Service Commission's summer employment examination. Typists and stenographers also must provide proof that they have the required skills. Acceptable proof of proficiency may be established by either:

☐ *A notice of rating from a typist or stenographer examination administered within the last 3 years by a State or local employment service office or by the Civil Service Commission; or*

☐ *A certificate of proficiency based on a performance test administered by a public, parochial, or properly accredited private high school; or by a business, commercial, or secretarial school; or by a college or junior college; or by a school approved by the Veterans Administration for the education of veterans and their dependents.*

Contact the Civil Service Commission for instructions for applying for this examination.

After you have passed the examination and have received your notice of rating, submit a completed application (Standard Form 171) and a copy of the notice of rating to the National Park Service region or office where you wish to be considered.

Most summer clerical positions are located in the Washington (headquarters) Office. Applications will be accepted according to the filing dates specified in the Civil Service Commission's Summer Job Announcement No. 414.

SEASONAL POSITIONS IN THE NATIONAL PARK SERVICE

SEASONAL PARK TECHNICIAN—initial grade is GS-4

Duties: *Fee collection dispatcher, information desk, guide, firefighting, lifeguard, conservation, restoration, interpretation, law enforcement, or public safety duties. Jobs are initially filled at grade GS-4 and exist in most areas. In the National Capital Region in Washington, D.C., jobs involving visitor information services usually begin before June 1.*

Qualifications: *1½ years of experience of a general nature and 6 months of specialized experience directly related to park operations, recreation, or conservation work which provides a good knowledge of standard practices required in park operations. Successful completion of at least 2 academic years of college study may be substituted for the required experience if coursework includes any field-oriented natural science, social science, history, archeology, police science, park and recreation management, community outdoor recreation, dramatic arts, or other disciplines related to park management. (Some seasonal park technicians perform lifesaving and rescue work as part of their overall duties. In those cases, applicants must meet the lifesaving and rescue qualifications required of seasonal lifeguard applicants, which may include passing a performance test.) Applicants may be required to possess a valid state driver's license. Applicants for positions involving law enforcement or public safety duties predominantly must also meet Departmental and Bureau requirements. These positions are restricted to persons who are at least 21 years of age.*

How to apply: *Contact any National Park Service Regional Office listed on page 14 for the correct application Form (10-139). When applying for a Summer Seasonal Position, submit a completed application Form (10-139) between September 1 and (postmarked by) January 15 to the Seasonal Employment Unit, 18th and C Streets N.W., Room 2229, Washington, D.C. 20240. When applying for a Winter Seasonal Position, submit a completed application Form (10-139) between June 1 and July 15 (postmarked) to the Regional Headquarters or Park Area in which you wish to work.*

SEASONAL PARK AID—grades GS-2 and GS-3

Duties: *Similar to those of seasonal park technician described above, but are more basic and more closely supervised.*

Qualifications: *For grade GS-2, 6 months' experience of a general nature in park operations or in related fields;*

or a high school diploma or certificate of equivalency. For grade GS-3, 6 months' experience of a general nature plus one season (at least 90 days) of experience directly related to park operations, recreation or conservation work. Successful completion of 1 academic year of college study may be substituted for the required experience if coursework includes any field-oriented natural science, social science, history, archeology, police science, park and recreation management, community outdoor recreation, dramatic arts, or other disciplines related to park management. Applicants may be required to possess a valid state driver's license.
How to apply: *Same as for Seasonal Park Technician (page 6).*

SEASONAL PARK RANGER (only a limited number of seasonal park ranger opportunities exist)—initial grade is GS-4
Duties: *Visitor services, such as interpreting for visitors a park's natural, historic, or archeological features; planning and implementing management of park resources, including fire control; search and rescue activities; or law enforcement and providing for the safety of visitors.*

Jobs are initially filled at grade GS-4 and provide close support to permanent employees. Most history-related jobs are in the Mid-Atlantic and Southeast Regions and in the National Capital Region. Most archeology-related jobs are in the Western and Southwest Regions.
Qualifications for a GS-4: *2½ years of successfully completed college study in such fields as park and recreation management, any field-oriented natural science, American history, law, anthropology, archeology, police science, business administration, dramatic arts, or the social or behavioral sciences; or 2 years of progressively responsible experience in park, forest, interpretive, or conservation work; or any combination of such qualifying experience and education totaling 2 years. Applicants for positions involving law enforcement or public safety duties predominantly must also meet Departmental and Bureau requirements. These positions are restricted to persons who are at least 21 years of age. Applicants may be required to possess a valid state driver's license.*
Qualifications: *For grade GS-5 and above, previous National Park Service employment as a Park Technician or Park Ranger at the next lower grade is required.*
How to apply: *Same as for Seasonal Park Technician.*

SEASONAL CLERICAL—grades GS-4 and below
Duties: *Information receptionist, clerk, office machine*

operator, clerk-typist and/or clerk-stenographer. Best j opportunities are in Washingto.. D.C., where a small number are hired for work in the Service's headquarte
Qualifications: *Clerical eligibility on the Summer Em- ployment Examination conducted by the Civil Service Commission.*
How to apply: *Contact the Civil Service Commission b mid-November for information and instructions about Summer Employment Examination. (See more detailed information on page 5 of this booklet.)*

STUDENT ASSISTANT (architecture, landscape architecture, engineering, or science)—grades GS-4 and below
Duties: *Assist professional staff in engineering and scie projects. Most student assistants work out of the Denv Service Center; a few may be assigned elsewhere.*
Qualifications: *Must be a student attending an accredit college and pursuing a course related to one of these professional fields.*
How to apply: *Applications are accepted on a year-rou basis. Request information and application forms from*
Rocky Mountain Regional Office
National Park Service
P.O. Box 25287
Denver, CO 80225

SEASONAL ARCHITECT, LANDSCAPE ARCHITE ENVIRONMENTAL SCIENTIST, or ENGINEER (mechanical, civil, electrical, or electronic)—grades GS-5 and above
Duties: *Positions in these disciplines involve profession duties in field surveys, planning, design, and constructi Most jobs are located at the Denver Service Center, bu work may be performed throughout the country.*
Qualifications: *Applicants must be college graduates, graduate students, faculty members, or possess the equivalent experience in fields related to above profess A valid state driver's license is required.*
How to apply: *Same as for student assistant (above).*

SURVEYING TECHNICIAN—grades GS-4 and GS-
Duties: *Field survey team work at locations throughou the United States. Most jobs are at the Denver Service Center, but a few may be located elsewhere.*
Qualifications: *For grade GS-4, 1½ years of general experience that provided knowledge and training helpf in developing skill in taking measurements, using instru ments, making calculations, compiling maps, and simil surveying technician work, and ½ year of specialized*

experience using surveying instruments and techniques. For grade GS-5, 2 years of general experience and 1 year of specialized experience.

College level education may be substituted for experience requirements if it included courses in surveying, engineering, industrial technology, construction, physics, drafting, forestry, geography, navigation, cartography, physical sciences, or mathematics. For grade GS-4, 2 years of study (60 semester hours) that included at least 12 semester hours in a combination of the above subjects. For grade GS-5, 4 years of study (120 semester hours) that included at least 24 semester hours in the above subjects, or a bachelor's degree in an appropriate field of surveying, engineering, construction, or industrial technology. For both grades, the education must have included a course in surveying.

How to apply: *Same as for student assistant (page 8).*

ENGINEERING DRAFTSMAN—grades GS-4 and GS-5

Duties: *Portrays engineering and architectural ideas and information through drawings. Most draftsmen work at the Denver Service Center, but a few may be assigned to other locations.*

Qualifications: *For grade GS-4, 1½ years of general experience and ½ year of specialized experience. For grade GS-5, 2 years of general experience and 1 year of specialized experience. General experience is that which provided some knowledge and understanding of engineering drawing; specialized experience is that which provided all of the following: 1. Ability to prepare engineering or architectural drawings that are neat, accurate, and logically arranged, utilizing the methods and techniques of drafting. 2. Ability to make mathematical computations using standardized tables and formulas. 3. Knowledge of the symbols and terminology used in engineering drawing. 4. Ability to prepare the kinds of drawings at the level of difficulty and responsibility of the position being filled.*

College level education may be substituted for the experience requirements. For grade GS-4, 2 years (60 semester hours) that included at least 18 semester hours in a combination of engineering, engineering or industrial technology, construction, drafting, surveying, physical sciences, or mathematics courses. This must have included at least 3 semester hours in drafting. For grade GS-5, 4 years (120 semester hours) that included at least 27 semester hours in a combination of the above subjects. This must have included at least 6 semester hours of drafting.

How to apply: *Same as for student assistant (page 8).*

ENGINEERING TECHNICIAN—grades GS-4 and GS-
Duties: *Assists engineers, landscape architects, or architec in the planning, design, or construction phase of develop- ment projects. Some jobs will be located in the Denver area, others at project sites across the country.*
Qualifications: *For grade GS-4, 1½ years of general experience and ½ year of specialized experience. For Grade GS-5, 2 years of general experience and 1 year of specialized experience. General experience is that which provided knowledge helpful in developing skill in making measurements, using text instruments, computing, reading engineering drawings or specifications, or other engineering technician work. Specialized experience is that which provided knowledge of some of the principles, methods, and techniques of civil engineering.*

College level education may be substituted for the experience requirements. For grade GS-4, 2 years (60 semester hours) that included at least 18 semester hours in a combination of engineering, engineering or industrial technology, construction, drafting, surveying, physical sciences, or mathematics courses. For grade GS-5, 4 years (120 semester hours) that included at least 36 semester hours in a combination of the above courses, or a bachelor's degree in an appropriate field of engineering, construction, or industrial technology.
How to apply: *Same as for student assistant (page 8).*

SEASONAL LABORER—grades WG-2 and WG-3
Duties: *Unskilled outdoor work on trails, forestry programs, various maintenance activities and similar work in which physical labor is performed. Wages are paid on an hourly basis according to local prevailing wage rates.*
Qualifications: *Excellent physical condition and the ability to perform the duties of the job.*
How to apply: *Contact the National Park Service Regional Office in the geographic area you wish to work in for correct application forms and correct filing procedures. Regional Offices are listed on page 14.*

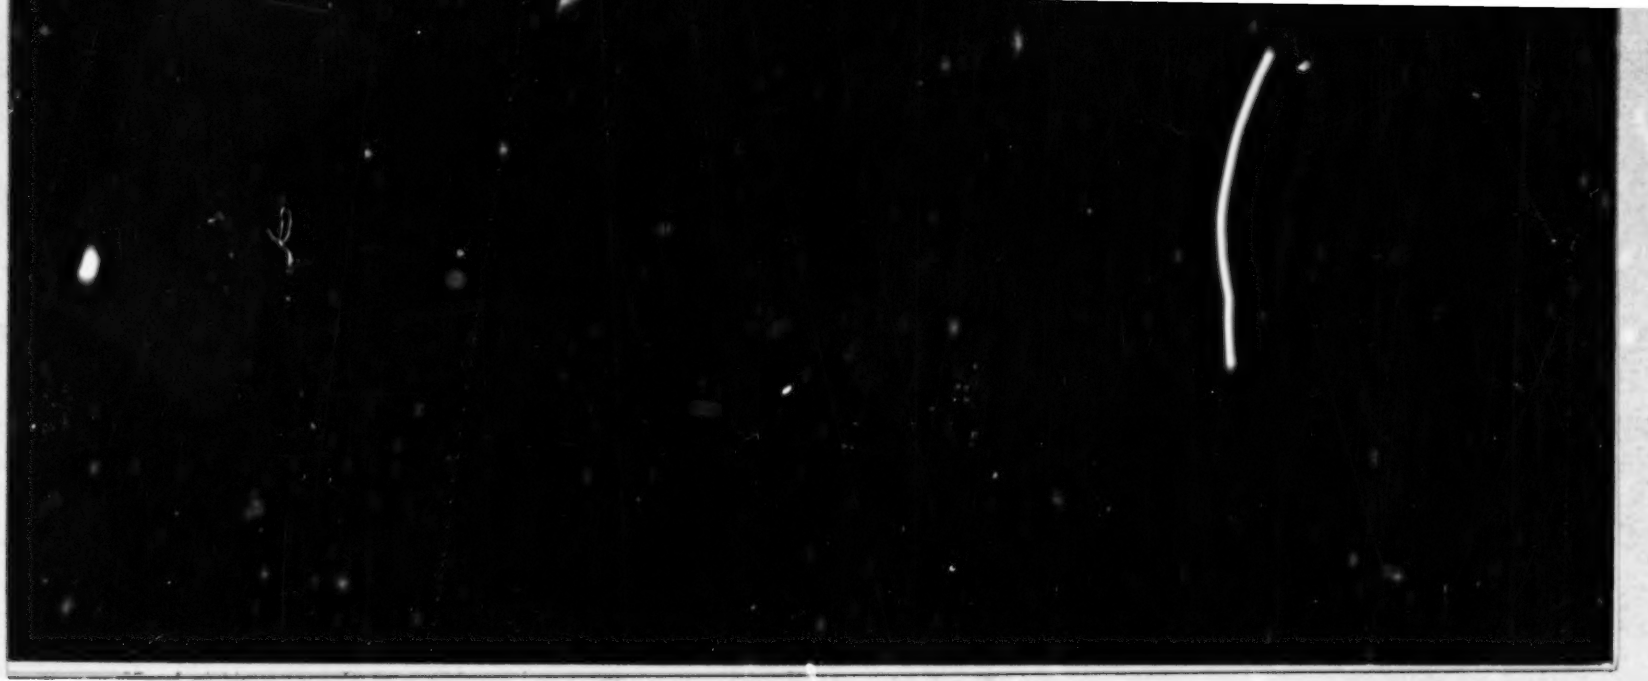
SEASONAL SKILLED TRADES AND CRAFTS—grades WG-4 and above
Duties: *Skilled and semi-skilled trades such as axeman, sawyer (woods worker), trail maintenanceman, motor vehicle operator, carpenter, mechanic, etc. Wages are paid on an hourly basis according to local prevailing wage rates.*
Qualifications: *Generally, helper or journeyman-level proficiency is required for most semi-skilled and skilled jobs.*
How to apply: *Same as for seasonal laborer (page 10).*

SEASONAL LIFEGUARD

Duties: *Lifesaving and rescue work as needed for persons swimming in rivers, lakes, and oceans and for management of beach and swimming areas. Opportunities exist at Assateague Island, Cape Cod, Cape Hatteras, Coulee Dam, Delaware Water Gap, Fire Island, Gateway, Golden Gate, Gulf Islands, Lake Mead, Padre Island, Chickasaw, and Point Reyes.*

Qualifications: *Must be at least 18 years of age, possess a current Red Cross Life Saver's Certificate or Water Safety Instructor's Certificate and have lifeguard or water safety instructor experience as follows: for GS-3, 3 months; for GS-4, 6 months. At ocean beaches, passing a performance test may be required. Successful completion of an on-site surf-rescue training course is an additional condition of employment. (Some seasonal park technicians perform lifesaving and rescue work as part of their overall duties, as described on page 6. In those cases, applicants must meet the lifesaving and rescue qualifications required of seasonal lifeguard applicants.)*

When and where to apply: *Contact any National Park Service Regional Office between September 1 and January 15. The Regional Offices will send you any form(s) required and directions needed. Regional Offices are listed on page 14.*



GENERAL INFORMATION ON HOW TO APPLY

Applicants for positions that require eligibility on the Summer Employment Examination should apply to the Civil Service Commission by mid-November. (See detailed information on page 5 of this booklet.)

All other applicants for seasonal employment must complete required forms and file them with the National Park Service; these will be sent to you on receipt of your inquiry or letter of application. FOR DETAILED INSTRUCTIONS ON THE CORRECT FILING PROCEDURES AND FORMS, REFER TO THE "HOW TO APPLY" SECTIONS FOR DIFFERENT SEASONAL POSITIONS, pages 6 through 11.

You may use photocopies of forms for job applications but all forms—original or copies—must bear your original signature, not a copy.

Most seasonal positions are filled during the summer; applications must be received by the National Park Service between September 1 and (postmarked by) January 15.

A few positions are filled during the winter at heavily visited parks such as Death Valley National Monument, Everglades National Park, Virgin Islands National Park, and others. For these, submit your application directly to the park(s) from June 1 through July 15.

In completing your application, list both addresses if your present address is not your permanent one and indicate when you will be at each address. It is important that you show a telephone number where you can be reached.

Also, it is essential that you indicate (1) your earliest reporting date and your latest departure date; (2) the two types of positions for which you are applying; (3) the two parks where you desire consideration; (4) the lowest acceptable grade or salary; and (5) any particular specialization, such as law enforcement or interpretation.

If you are applying for a student assistant, technician, aid, or ranger position, also include a transcript or a listing of courses you will have completed by date of employment.

REGIONAL OFFICES OF THE NATIONAL PARK SYSTEM

The list below includes addresses and areas of responsibility for each of the nine Regional Offices.

North Atlantic Region
15 State St.
Boston, MA 02109
(Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont)

Mid-Atlantic Region
143 South Third St.
Philadelphia, PA 19106
(Pennsylvania, Maryland, West Virginia, Delaware, Virginia, excluding parks assigned to National Capital Region)

National Capital Region
1100 Ohio Dr. SW
Washington, DC 20242
(Metropolitan area of Washington, D.C., some units in Maryland, Virginia, West Virginia)

Southeast Region
Richard B. Russell Bldg.
75 Spring Street, S.W.
Atlanta, GA 30303
(Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Puerto Rico, the Virgin Islands)

Midwest Region
1709 Jackson St.
Omaha, NB 68102
(Indiana, Illinois, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, Ohio, Wisconsin)

Rocky Mountain Region
P.O. Box 25287
Denver, CO 80225
(Colorado, Montana, North Dakota, South Dakota, Utah, Wyoming)

Southwest Region
P.O. Box 728
Santa Fe, NM 87501
(Arkansas, Louisiana, Texas, Oklahoma, New Mexico, northeast corner of Arizona)

Western Region
450 Golden Gate Ave.
Box 36063
San Francisco, CA 94102
(California, Nevada, most of Arizona, Hawaii)

Pacific Northwest Region
601 Fourth and Pike Bldg.
Seattle, WA 98101

(Alaska, Idaho, Oregon, Washington)

Washington Office
National Park Service
Interior Building, Room 2328
18th & C St., N.W.
Washington, DC 20240

EMPLOYMENT OPPORTUNITIES WITH NATIONAL PARK CONCESSIONERS

The hotels, lodges, restaurants, stores, transportation services, and other visitor facilities in areas administered by the National Park Service are operated by private companies and individuals who recruit their own personnel. These are NOT Government positions, and the information listed is furnished as a public service.

The basic qualifications vary somewhat with individual concessioners. However, in most cases, an applicant must be able to remain the entire season and be at least 18 years of age.

Applicants are considered for employment without regard to race, color, religion, age, sex, national origin, political affiliation or other non-merit factors.

Concessioners normally pay the minimum wages established by the state where the facility is located. Although some pay a small bonus at the end of the season, they do not pay or make arrangements for transportation to and from the parks.

The National Park Service does not have application forms for concessioner employment. To obtain applications and information about types of job openings, salaries, and working and living conditions, write directly to the concessioner concerned. In the list below, names and addresses of concessioners are shown in italics under the name of the corresponding park. Apply soon after the first of the year. Only those concessioners that hire substantial seasonal staffs are listed.

Badlands National Monument, S. Dak.

Oglala Sioux Park and Recreation Authority [1,3]
P.O. Box 733
Pine Ridge, SD 57770

Big Bend National Park, Tex.

National Park Concessions, Inc.[1,3]
Chisos Mountains Lodge
Big Bend National Park, TX 79834

[1]—Lodgings, meals, soda fountains, etc.
[2]—Transportation.

As the Nation's principal conservation agency, the Department of the Interior has responsibility for most of our nationally owned public lands and natural resources. This includes fostering the wisest use of our land and water resources, protecting our fish and wildlife, preserving the environmental and cultural values of our national parks and historical places, and providing for the enjoyment of life through outdoor recreation. The Department assesses our energy and mineral resources and works to assure that their development is in the best interests of all our people. The Department also has a major responsibility for American Indian reservation communities and for people who live in Island Territories under U.S. administration.
